

LOOK WHO NEEDS YOU!!!!

The Educational Surrogate Parent Program

is looking for compassionate, dedicated people who would be a valuable influence in the life of a disabled child. Perhaps you are retired, or are seeking opportunities that would not only *enhance your future*, but would contribute positively to the life of a child who needs a voice in decisions related to his/her school program.

We are looking for individuals who would collaborate with school people on behalf of disabled children residing in residential settings throughout the state.

You would

- *attend school meetings to discuss the child's progress
- *play an active role in decisions about the child
- *advocate in the child's best interests

You will learn

- **how valuable this program is in reaching children who have no voice in their educational rights
- **what the simple requirements are to be a Surrogate Parent;
- **about the dollar incentives available to all eligible Surrogate Parents
